Greetings everyone,

Welcome to the 34th annual “Kick Cancer Out of the World", our 3 event series that includes a demonstration event, our 28th annual Golf Tournament and our 34th annual invitational Taekwondo Championship!

Over the years many people have put in much time and effort into bringing you these exciting events to help raise money for INOVA Schar Cancer. Our mutual desire has always been to find a cure for all types of cancer.

Students and Masters, participants and helpers, all work many extra hours in preparation for these events. Since 1992, we have been grateful and happy to continue our joint venture with INOVA Schar Cancer. We are looking forward to many more years of working together and supporting each other as we mutually strive for bigger and greater goals of helping others.

Together, as we work alongside one another, reaching out through ever growing events, let us remember and appreciate all our loved ones and friends who have experienced the ravages of cancer. There is sorrow in loss, and joy in recovery, but through it all there is always the celebration of love and precious memory building as we share moments in time with those who touch our lives for however long we are together. The best part of living is in giving of ourselves to help one another - in good times and in bad times. Our events are both in memory of loved ones and a reaching out with love and caring to those we may not yet know, but who will one day need our help.

We wish to thank all the participants in the events as well as all our spectators and contributors. We thank and encourage those who are competing for the first time and those who come every year. We appreciate the help of those new to our goal as well as those who put in hours of effort and dedication every year. Whether you are new to this event, or are an” old timer”, we thank you and hope you will be with us every year to help us reach our goal of donating one million dollars to INOVA Schar Cancer for research that will eventually cure all types of cancer and “ Kick Cancer Out of the World!” With your help we can and WILL succeed!

With many thanks and appreciation
